Career Profile

Over 35 years of activity in the Oil Field, spanning operations around the Globe (from Australia, Far East, Europe, South America, Africa, and Middle East).
Technical and Management background, good problem solving skills, extensive experience in Cementing, Stimulation, Well Integrity, etc.

Key Strengths

Proven planning, design and execution skills, on hundreds of Stimulation operations (most of them with Coiled Tubing), Cementing operations, Well testing, Wireline operations, Fishing with CT and wireline, Perforations (PCT and slickline), Well integrity survey and mitigation, Production optimization, etc.

Resourceful and committed: always focused in improving production figures, balancing cost & benefit objectives.

Good interpersonal skills/ good communicator: excellent relations with superiors, peers and subordinates, developed activities in 17 countries, making me familiar with different cultures.

Speak fluently 5 languages: Portuguese, English, French, Spanish and Italian.

Safety Commitment: full career without a single lost time accident and zero MVA was awarded by SLB with the 10 years safety award in Libya 1989 (completed at that occasion, 10 years without a single LTA or MVA).

Key Skills

- Planning, designing, supervising Field Operations (Stimulation, Cementing, Well integrity, Slickline operations, Wireline logging, Production logging, Perforation operations, Production optimization, Fishing operations, Sand control operations, Pipeline pigging, Wax management, overall Production operations, etc..).
- Monitoring problematic wells and finding solutions to bring them back to normal production.
- Focus in minimizing list of inactive wells.
- Mentoring young Field engineers and developing their Petroleum engineering skills.
- Training Instructor (during 2 years at BTC, one of SLB training centres).

Key Qualifications

PhD in Engineering (EngD), University of Hertfordshire, UK
Master Degree in Mechanical Engineering (IST / Portugal)
Well Operations Specialist Certificate: Dowell Schlumberger's FTC, Pau, France, 1979

Career Summary

- Training Instructor: for Dowell Schlumberger Service Engineers, at BTC (Bolivia Training Centre).
- Training / Lecturer for Qualitecno FZE: lectured courses in UAE, Saudi Arabia, Turkey, etc...
- Offshore Manager (Cementing and Stimulation): Dowell Schlumberger, Bouri Field (Based in Tripoli).
- Assistant Operations Manager: with Partex at Dunga Field, Kazakstan.
- Outpost Manager: Dowell Schlumberger at Benghazi, Libya.
- Assistant to Marketing Manager: Dowell Schlumberger, Singapore.
- Project Coordinator / Technical bid: Bouri Field (Platforms DP1, DP2, and DP3), Agip / Saipem / SLB, Milano, Italy.
- GSS (General Services Supervisor) for Cementing and Stimulation, Dowell Schlumberger, Hassi Messaoud, Algeria.
- Seconded of Partex Oil & Gas at ADCO (Abu Dhabi) during 8 years.
- SPE (Senior Petroleum Engineer) at Bu-Hasa Field with ADCO (during 5 years).
- SPE (Senior Petroleum Engineer) with Dragon Oil at Cheleken Field, Caspian Sea during 4 years.
- Cell Leader with Dowell Schlumberger in Zelten (Libya).

Education and Training

Petroleum Engineering Training;

During career, attended courses on :

- Well Operations Specialist Certificate: Dowell Schlumberger's FTC, Pau, France, 1979
- Coiled Tubing technologies
- Production Optimization using nodal analysis
- Log analysis in carbonates
- Gas Lift operations
- Project Management
- Business Objects
- Practical Well Test analysis
- Basic Petro physics
- H₂S awareness
- Production and monitoring log interpretation

- Basic reservoir engineering
- Well Integrity School (BP)
- H₂S & BA certification
- Training the Trainers
- Defensive driving school
- Well Life Cycle workshop
- Gas dispersing modelling

Courses Lectured:

Oil & Gas Cementing Operations
Stimulation Operations
Well Integrity
Well Heads and Xmas Trees Operations and Testing
Nodal Analysis and Artificial Lift Technologies
Surface Facilities
Coiled Tubing and Hydraulic Workover Operations
Combined courses in packages, as requested by clients
Etc.

Personal Details

Nationality: Portuguese
Date of Birth: 4th August 1948
Interests: Music, Cinema, Swimming, Jogging
Health: non smoker
Driving License: all vehicles
References: available on request
